Advanced Placement™

The college preparatory curriculum at HCP is structured around the Advanced Placement™ (AP) Program. AP is a nationwide program which allows high school students to take college-level courses while still in high school. At the end of the year the students may take an exam which is administered and graded by the College Board, the same organization that gives the SAT. Passing the exam may lead to earning college credit while in high school.

The Advantages of the Advanced Placement Program

The hard work that students put into AP classes can be highly rewarding, even if they do not pass the AP Exam.

Students who take AP classes are more likely to:

- Be admitted to competitive colleges across the United States.
- Receive more scholarship money.
- Receive better letters of recommendation.
- Acclimate more quickly to the rigors of university academics.
- Develop writing and critical thinking skills needed for all college courses.
- Major in technical fields.
- Go on to advanced graduate studies.

Because students can obtain college credit while in high school, they are able to:

- Skip crowded entry level classes (which often have enrollments exceeding 500 students).
- Complete college in four years or less.
- Branch out and take classes in fields other than their major.
- Have a better opportunity to double or triple major.
- Drastically cut the cost of college.

The Advanced Placement Program at Harding Charter Preparatory High School

Every class at HCP is either an AP course or is preparing students for a later AP course. The skills to succeed in AP and college courses – writing, inquiry, collaboration, organization, and reading are emphasized in every class at HCP.

Most students find AP courses quite challenging, but because AP is our focus, we are better able to prepare students before they enter AP classes. Furthermore, because of our small size, we are better able to help individual students struggling in one class before it affects their progress in other classes. We can also stagger major assignments and exams so that students do not become overwhelmed at any one time.

Advanced Placement and AP are registered trademarks of The College Board. More information is available at www.collegeboard.com.

Advanced Placement™

El plan de estudios de preparación universitaria en HCP está estructurado en torno al programa Advanced Placement™ (AP). AP es un programa a nivel nacional que permite a los estudiantes de secundaria tomar cursos de nivel universitario mientras aún están en la escuela secundaria. Al final del año, los estudiantes pueden tomar un examen que es administrado y calificado por el College Board, la misma organización que da el SAT. Aprobar el examen puede llevar a obtener créditos universitarios mientras esté en la escuela secundaria.

Las ventajas del programa de colocación avanzada

El arduo trabajo que los estudiantes ponen en las clases AP puede ser muy gratificante, incluso si no aprueban el examen AP.

Los estudiantes que toman clases AP tienen más probabilidades de:

- Ser admitido en universidades competitivas en los Estados Unidos.
- Reciba más dinero para becas.
- Reciba mejores cartas de recomendación.
- Aclimatarse más rápidamente a los rigores de los académicos universitarios.
- Desarrollar las habilidades de escritura y pensamiento crítico necesarias para todos los cursos universitarios.
- Especialización en campos técnicos.
- Continúe con estudios avanzados de posgrado.

Debido a que los estudiantes pueden obtener créditos universitarios mientras están en la escuela secundaria, pueden:

- Omitir clases de nivel de entrada abarrotadas (que a menudo tienen matrículas superiores a 500 estudiantes).
- Completar la universidad en cuatro años o menos.
- Diversificar y tomar clases en campos distintos a su especialidad.
- Tener una mejor oportunidad para duplicar o triplicar especialización.
- *Reducir drásticamente el costo de la universidad.*

The Advanced Placement Program en Harding Charter Preparatory High School

Cada clase en HCP es un curso AP o prepara a los estudiantes para un curso AP posterior. En todas las clases de HCP se enfatizan las habilidades para tener éxito en los cursos AP y universitarios: escritura, investigación, colaboración, organización y lectura.

La mayoría de los estudiantes encuentran los cursos AP bastante desafiantes, pero debido a que AP es nuestro enfoque, podemos preparar mejor a los estudiantes antes de que ingresen a las clases AP. Además, debido a nuestro pequeño tamaño, podemos ayudar mejor a los estudiantes individuales que tienen dificultades en una clase antes de que afecte su progreso en otras clases. También podemos escalonar las tareas y exámenes principales para que los estudiantes no se sientan abrumados en ningún momento.
